

Intro to Spectral Cytometry (Part I) Panel Design and Workflow (Part II)

Come learn about the newest addition to the Hillman flow core!

**Part I : Tuesday March 26, 2019
9:30 am – 12 pm 201A, Herberman**

**Part II : Wednesday March 27, 2019
1 pm – 4 pm Hillman 2nd floor conference room**

Presented by
Monica DeLay
Technical Applications Specialist
Cytek Biosciences

To attend, You **MUST** RSVP to Mike Meyer, meyere@upmc.edu
Additional questions: Tullia Bruno, tbruno@pitt.edu

The Cytek Aurora takes a novel approach to spectral cytometry that maximizes the benefits of this technology.

Features Include:

- Use of highly overlapping dyes
- 20+ Colors with only 1 lasers
- Autofluorescence extraction
