

# Special Seminar

## **Suzana Petanceska, PhD**

Program Director, Systems Biology and Systems Pharmacology  
Senior Advisor for Strategic Development and Partnerships  
Division of Neuroscience  
National Institute on Aging, NIH

## **“Transforming Alzheimer’s Disease Therapy Development: From Targets to Trials”**

**Thursday, April 25**

Noon–1 p.m.  
1103, Scaife Hall  
UPMC Conference Center  
(overflow seating in 1101, Scaife Hall)

**Suzana Petanceska, PhD**, will outline the latest priorities and opportunities in National Institute on Aging-sponsored Alzheimer’s disease grants. Following her seminar, there will be an open Q + A session from 1 to 1:30 p.m.

Graduate students, postdocs, and fellows are encouraged to attend.
