

# Living with Melanoma Symposium

Saturday, April 4, 2020  
8 a.m. to 12 noon

This FREE symposium is presented by AIM at Melanoma, in partnership with UPMC Hillman Cancer Center, and is for melanoma patients and their caregivers, family, and friends.

**UPMC Hillman Cancer Center Melanoma Program faculty and clinicians will speak about the following topics:**

- Managing Your Immunotherapy Journey
- Pathology and Staging Basics
- Breakdown of BRAF Testing and Implications
- What to Expect in a Clinical Trial
- Remodeling the Tumor Environment to Improve Immunotherapy Outcomes
- Neoadjuvant Therapy in Melanoma
- Prospects for Therapeutic Prevention of Melanoma
- New Immunotherapies, Precision Medicine, and Biomarkers in Melanoma
- A Survivor's Story

**Host:**

**John M. Kirkwood, MD**  
*Co-Leader, Melanoma Program*
