

Translational Oncologic Pathology Services (TOPS)

Price†	Histology Services
\$10.00	Processing and embedding (includes H&E)
\$8.00	Processing and embedding
\$12.00	Processing and embedding of organoids (includes H&E)
\$75.00	Clinical Trial: processing and embedding (includes H&E)
\$7.00	Recut H&E
\$5.00	Unstained blank slides
\$8.00	Thick unstained blank slides (at least 8um) or tissue scrolls
\$10.00	Unstained blank slides for CosMx, GeoMx, and Visium
\$25.00 Per mounted section	Unstained blank slides for Xenium (max of 4 sections/slide)
\$7.00	DAPI
\$30.00	TUNEL
\$18.00	Special stains – Group 1 (Grocott, PAS, Gram, AFB, Fite)
\$26.00	Special stains – Group 2 (All Others)
\$35.00	IHC (clinically available)
\$30.00	Labor only IHC (antibody provided by investigator)
\$45.00	Double labeling IHC
\$40.00	Labor only double labeling IHC
\$105.00	PD-L1
\$45.00	BRAF
\$105.00	Clinical RNA in situ hybridization (EBER, HPV, albumin, etc)
*	Non-clinical RNA in situ hybridization
*	Multiplex staining only (IHC & IF)
\$10.00	Brightfield digital slide scanning (40x only)

† Prices are subject to change without notice. Any pricing changes will be communicated prior to project initiation.

*Pricing is on a per project basis and needs to be discussed with Aatur Singhi, MD, PhD.

Translational Oncologic Pathology Services (TOPS)

Price†	TMA Services
\$7.00	Required – Guidance H&E recut per block
\$167.00	Required – 1 H&E and 10 unstained slides minimum per TMA block
\$17.00	Optional – Additional H&E recut
\$15.00	Optional – Additional unstained blank slides
\$18.00	Thick unstained blank slides (at least 8um)
\$20.00	Unstained blank slides for CosMx, GeoMx, and Visium
\$35.00 Per mounted section	Unstained blank slides for Xenium (max of 4 sections/slide)
\$17.00	DAPI
\$40.00	TUNEL
\$28.00	Special stains – Group 1 (Grocott, PAS, Gram, AFB, Fite)
\$36.00	Special stains – Group 2 (All Others)
\$45.00	IHC (clinically available)
\$40.00	Labor only IHC (antibody provided by investigator)
\$55.00	Double labeling IHC
\$50.00	Labor only double labeling IHC
\$115.00	PD-L1
\$55.00	BRAF
\$115.00	Clinical RNA in situ hybridization (EBER, HPV, albumin, etc)
*	Non-clinical RNA in situ hybridization
*	Multiplex staining only (IHC & IF)
\$20.00	Brightfield digital slide scanning (40x only)
